

Introducing the first round of 2021 Afterschool Activities!!
We're trying a new approach during this Covid season.

Instead of gathering students together in-person, they will enjoy a hands-on activity, done in their home, under the remote direction of one of our staff members.

To make it easy for everyone, the activity will use a kit which should be very “doable” with adult guidance. The school will purchase the kit. Groups will be limited to 10-15 and take place from 4:00-5:00 (time needs to be given for the buses to end their runs).

Registration will be done on a first come first serve basis.

Take a look at the offerings below. **Your child is limited to activities specifically designated for their grade level.** **He/she must attend all of the planned sessions** (barring extenuating circumstances, of course).

Click on the link to the kit to get more details and then go to the registration form at <https://forms.gle/iYYz48aVVHDpePZG7>

Registration will be open until 3:00 on Monday, January 25. You will be notified by the end of day on Tuesday, January 26 regarding your child’s participation.

Grades 2-4	<p><u>Building and Painting Bird Houses</u></p> <p>Meetings: Feb. 9, 11, 16, 18</p> <p>4:00-5:00 PM</p>
